Dear Sir, If you have done all that the city can do in regard to street in front of our office #122 Broadway. We feel that something more should be done —

It seems to us that an edgestone should be set and as we believe this will be done if the property owners pay their part, will you please see that this application for Edge stone in front of our estates 118 to 122 Broadway is placed before proper authority. Please see the matter before work is actually begun.
