TO: Cambridge City Councillors

The Cambridge Committee of Elders, Inc. wholeheartedly supports the act introduced by Councilor Graham which would amend the Cambridge rent control law by preventing the eviction of tenants in a controlled condominium unit.

The Committee of Elders urges all the councilors to vote in favor of this act and to do everything in their power to protect the elderly, the poor and all long term residents of Cambridge from harassment as well as eviction in regard to condominium conversion.

Respectfully,

Margaret Mellinger
