Reference

Subject Council Order No. 27 of Jan. 17, 1977; Snow Removal Operations

I have discussed the utilization of private parking facilities during snow emergencies with various companies in the past with no success. This was due to a number of reasons such as liability for damages to motor vehicles and delaying their own snow removal operations.

I will write and ask the major owners of large parking facilities for their assistance in this matter and also meet with Public Works Commissioner Conrad Fagone and Police Chief Nicholas Fratto to try and work out a program to utilize the parks and open spaces in the City for parking during snow emergencies.
