FANTASY LINE

Paid Advertisement

A New Concept In Consensual Phone Sex

Masturbation and fantasy are probably two of the most underrated activities in western culture, according to Fantasy Line founder, Bill from Heaven. You can fall totally in love on the telephone or you can just meet and make new friends. Whatever this new, high-tech, safe, very sexual, intimate, real, fun and healthy experience has in store for you, you can't miss. This is absolutely a must experience for women, men and couples.

Anonymity and physical equality allows women the freedom to be as aggressive as they wish (or as submissive) Best hours are from 10pm-2am, whether you're alone or not. Sometimes while in bed, a guy will go down on a woman while she shares everything with the people on the line, getting them off, too! It's incredible hearing so many people having orgasms! Listen to the pleasure, joy, eroticism and sounds. It's amazing how beautiful these people are and best of all what they're doing and sharing is totally safe.
The following interview was conducted by EIDOS editor, Brenda Loew Tatelbaum, from the EIDOS editorial office.

EIDOS: Bill (from Heaven), tell us about your phone service Fantasy Line and how they differ from other available adult phone services.

BILL: They're very different from phone sex or phone fantasy services. Incomparable in a number of respects. In particular, phone fantasy or phone sex involves a person calling a phone number and paying with a credit card. The person at the other end of the line is a professional in all likelihood and is not really having the experience they're talking about. In all out likelihood, it's basically acting. In that respect, it's perhaps not as interesting as our service. I will qualify phone sex and phone fantasy as electronic telephone prostitution and without passing judgement on prostitution whatsoever, it's something which is not symmetrical, not consenting. It's really a professional service being rendered for hire. Whether you hire someone to give you a massage, to adjust your back or to have sex with you or talk with you over the phone about a fantasy, or talk you off over the phone. It's clear that's a professional kind of encounter. To distinguish our services from those is to say that everyone who is talking to everyone else is for real. Nobody is paid. Not an operator. Or somebody to sit in.

EIDOS: How many people are on the line?

BILL: The way it works is that you dial

1-550-7777, The Fantasy Line. The Fantasy Line is a sexually-explicit telephone conversation forum, potentially kinky, anything goes.

people talk about love and making love on the phone. After you dial a number you hear a short ring and then you become connected to a group of people. This is true for everybody. It's called a party. Each party can have up to 9 people inter-connected to it and are able to talk to each other. The first 9 callers get connected to a party. The second 9 callers get connected to the next party. There's an unlimited number of people who can call.

EIDOS: How do people pay for this call?

BILL: As far as payment is concerned, there's no MasterCard or VISA involved or payment of that sort. It's just like a regular in-state long-distance toll call. It costs 20¢ for the first minute and 10¢ per minute after that, considerably cheaper than some regular long-distance phone calls within the 617 area code. There are no other charges and the charges appear on your N.E. Telephone bill. Most importantly, the charge is discreetly billed.

EIDOS: What do people talk about?

BILL: People can call and talk about anything they want except anything illegal or gross or upsetting. They can talk about the weather, stamps and coins etc. using any words they want. They can talk about their sexual fantasies. The idea is that the content can become erotic and explicit with people engaging in masturbation. There's moaning, carrying on and people really enjoying themselves and conveying their pleasure and what they're feeling through words, sounds in the same way that people in bed might except it's over the phone. It can be totally anonymous, if people choose to be. But if someone were to

come on the phone and call someone a nigger or a faggot or a douchbag or a whore, slut or become abusive, they would be immediately disconnected. However, if someone says, "I'm stroking my cock and it feels wonderful." and someone else says, "Ooooh, that sounds great!" and it becomes very sexually explicit and erotic, that would be totally acceptable. So it's not pornography because it's just consenting adults limited to the phone. It's not abusive but sexually explicit and erotic. Nobody will get turned on if people are degraded and offended.

EIDOS: How long is the average caller on the party line?

BILL: Some people stay on for hours, others for a few minutes. We process hundreds of thousands of phone calls a month and there are hundreds of regulars I can think of, off-hand. There's Bodyguard, Venus, Tonto, Snooty and Hiawatha. A Phone Virgin is a first time caller. A Bushwacker is shy and only listens. There's a whole vocabulary of terminology that's developed. These people can get together and plan parties. But as a business, we don't have anything to do with that. We are strictly providing a tele-communications service. A telephone company.

EIDOS: How can you be sure that nobody becomes offensive to anybody else?

BILL: We have trained moderators that monitor each party of 9 people, jumping from one group to another. If a party is in trouble, the moderator will go in and ask "How's everything going here? Can I help out?" The moderators are trained to know who gets disconnected for being inappropriate. A mutual fantasy being experienced is different from someone being psychologically and ideologically abusive. We do not allow all types of fantasies. For example, if someone says, "I want to be tied up and have my cock sucked", which is essentially harmless, we allow and support it. However, fantasies involving child abuse are disconnected. It's arbitrary. In our opinion, it's something we don't want to be associated with. It's a fine line to say what does and doesn't go. In a nutshell, the basic philosophy of the company and the moderators is that the interaction needs to be kind and gentle and people have to treat each other with respect. If that's happening, then just about anything goes.
