Dear City Council Members,

I have been using the monthly recycling drop-off program since it began earlier this year. I am most pleased to see recycling begin in Cambridge, and urge you to expand the program. Let's go as far as we can in making it easy for people to recycle.

I commend the work of the volunteers who keep the Cambridge Recycling Committee going. Please do what's necessary to support recycling efforts.

Thank you,

Sincerely,

Susan C. Griffith
