RE: Cambridge City Council Request #15
dated April 1, 1991

Dear Ms. Timmerman:

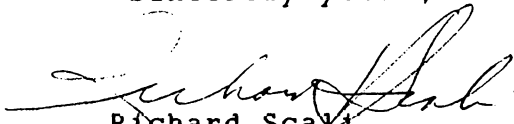

Please find enclosed a recent order of the Cambridge City Council requesting that my department contact your office in order to arrange monitoring of airport noise over Cambridge.

From your conversations with James McDavitt and Marlene Knights from my office, if a written request is made to your department, from city authorities, noise monitoring can be arranged for a particular neighborhood to measure aircraft noise.

The neighborhood of concern is on Prospect Street from the Somerville line through Central Square to the river. This is the general neighborhood which is concerned with excessive airplane noise.

Would you please contact my office in order to arrange this monitoring system or advise me as to the process which is necessary in order to set up such a system. You may reach myself or Marlene Knights at 349-6140.

Sincerely yours,

Richard Scali,
Acting Chairman
