CAMBRIDGE, MASS.

Members of the City Council

My sister and I are
two of the people recently
evacuated from our apartment
at 362 Rindge Ave because
of an explosion. We were
sent to the Fitzgerald school
for food and shelter.
Mayor Velucci was on the
scene almost immediately.
He stayed all day long
and into the evening. We
are senior citizens. He had
the Red Cross take us to

The Police and Fire
Departments were
wonderful and the
Red Cross and people at
Fitzgerald School were
marvelous but the
Mayor was in a class
by himself.

Gratefully

the Hotel Commander for
the night as we had no
place to go. A pregnant
woman was in this small
group, He (the Mayor) stayed
at the school. The next
morning the Police took
us home in that raging
blizzard. Could you
thank the Mayor for his
kindness. I cant begin
to tell you the feeling
of security it gave us
just because he was
there.
