RE: City Council Order #5 April 29, 1991
Basketball net - 20 Chilton Street

In reference to the above order, the complaint has been referred to the License Commission to coordinate with the Police Department, to take noise readings of the youths using the basketball net set at 20 Chilton Street.

In order to take the readings, my investigators must contact an actual resident of the neighborhood who is being disturbed by this noise and arrange for a reading to take place from the inside of the premises. This must then be coordinated with the youths actually playing ball at the same time.

As soon as this is accomplished, the License Commission will forward its findings to your office. If you have any further information on the actual complainants it would be very helpful to my investigators.
