

CITY OF BOSTON
IN CITY COUNCIL

RESOLVED: That the Metropolitan Transit Authority conduct as accurate a survey as can be determined in all cities and towns bordering the fourteen communities presently being served by the MTA.

The purpose of the survey being to compute an approximate number of persons in these outlying cities and towns using the MTA as a means of transportation so that these cities and towns be made to pay on a percentage basis their proportional share of the MTA deficit.

In City Council March 24, 1958. Adopted.
