WE, the undersigned, petition the City Council of Cambridge to designate the vacant lot located in the 1700 block of Massachusetts Avenue on the odd side of the street as a public park. It is vital to the life of the city that no new construction be allowed on the site, only creating greater densities and yet fewer free spaces where people may sit in the shade of trees and enjoy an open space. This part of Cambridge sorely lacks public spaces, and a public park on this site, which is presently used as a ventilation site for the Red Line below ground, will enhance the lifestyles of local residents and business people.

Dear Sir/Madam:

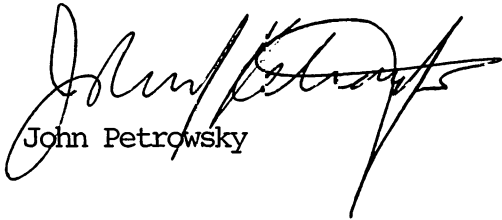

Enclosed please find the first two pages of a petition to make the vacant lot, now used for Red Line ventilation, at the corner of Massachusetts Avenue and Garfield Street, into a small public park.

This petition has been signed by people who either live in the area or work in the area; all of them have an interest in the fate of the site.

We shall continue to collect signatures, and you will shortly be receiving additional pages to this petition.

Thank you for your attention.

Sincerely,

John Petrowsky
