Deputy City Clerk
Cambridge City Hall

Dear Mr. Connarton:

It is respectfully requested that permission be granted to the Harvard Coop to secure street closing permits at least once a month beginning April 26, 1986 for the purpose of conducting our usual expanded sidewalk sales on Palmer St on Saturdays. Although, we conduct these sales weekly without the necessity of closing the street, at least once a month we engage on an expanded sidewalk super-sale that necessitates closing the street to vehicular traffic in order to display all of our merchandise values to the public.

Please be assured that despite the fact that the street has been closed monthly in the past, we have always made sure that emergency lanes are made accessible should the occasion arise.

Your prompt attention to the above request will be greatly appreciated.

Very truly yours,

Haig H. Agababian
Asst. General Manager
