Representative Projects

Massachusetts Avenue Crossing Project for M.I.T. Planning Office - design, working drawings, contractual documents, construction supervision for urban beautification project, including 50 trees, site plans for two bus shelters, pavement striping including international crosswalks, new pavement, street furniture, underground irrigation system for trees, misc. details.

Landscape Development Proposals for Urban Ministry, Inc., Holyoke, Massachusetts, for Ward II, a low income neighborhood - prototypical designs and slide presentation package on six landscape development projects as part of a community open space program and a fund raising package.

Northboro: Growth on the Urban Fringe for M.I.T. Urban Systems Lab, a study of a developing rural community - design consultant on a multidisciplinary team researching urban growth and publishing a report for the town of Northboro, Mass. Specific duties: descriptions of physical components of Northboro's visual character; analysis and mapping of data related to growth; criteria for evaluating and projecting growth potential; design of 14 schemes showing alternative development possibilities to illustrate growth control mechanisms; worked with various community groups in presenting the ongoing research and the final report to the community.

Williams Hosta Garden for M.I.T. Planning Office - design for a garden at M.I.T. for display of Williams' collection of rare Hosta plants.

Private gardens for Kenneth and Helene Olken, Sharon, Massachusetts and Leonard and Suzann Buckle, Boston, Massachusetts.

Other significant work

J. Walter Brain, landscape architect - working drawings for site plans for Sudbury Housing for the Elderly and Mashpee Municipal Complex.

Earl R. Flansburgh and Associates - working drawings for site plans for Grover Cleveland Middle School, Boston; site evaluation of 22 existing schools in Milton and Wellesley; feasibility studies of 12 proposed high school sites in Milton; site plan for proposed Milton High School; site and planting plans for housing developments.

Shrucliff, Merrill and Footit - site plans for Hanover High School, Braintree High School, Quincy subway station/parking garage, Holyoke College riding stable.

Paris Department of Parks, Gardens and Open Spaces - design for 10 acre playground for development of 4,000 units in Meudon la Foret outside Paris; design for 6 acre picnic park for "Les Floralties," an international garden exhibition in Paris in 1969.

Eric Anjou AB - open space design schemes and resource analysis for V#stra Flemingsberg, a new town of 10,000 people, one square mile, outside Stockholm; site plans for 12 schools in new towns of Rinkeby and Tensta.
