INTERNATIONAL EASTLEIGH
ESPERANTO PLAN FOR
WORLD COMMUNICATIONS
AND WORLD FRIENDSHIP
S. PACKARD, 8 LOCKSLEY ROAD
EASTLEIGH, HANTS SO50 5DS

The Mayor of the
City of Cambridge,
Dear Sir,

We have written to the City of Cambridge before and we even enclosed a international reply coupon for at least a reply but sadly no reply has been received. We are seeking moral support only no money is involved for the International Eastleigh Esperanto Plan which is non-political, and non-sectarian only interested in gaining support for an international auxiliary language so as to improve world communications friendship, and peace. Please excuse this method of writing to you on the back of our third petition to The United Nations Educational Scientific, and Cultural Organisation the reason of course is to save postage costs. We are proud, and grateful to state that so far we have the support of 138 friendly thoughtful, and progressive cities and towns from eighteen countries none yet from U.S.A.. Did you know that The Guinness Book of Records states there are five thousand languages in our world.

Our aim is to try and persuade the powers that be to start talking about the language problem and we will of course accept whatever language is chosen.

Trusting that the City of Cambridge will support us.
Yours in hope

S. B. Packard Honorary Secretary

EASTLEIGH

Have we really advanced since the days of the League of Nations? At least they had the courage to discuss the language problem, and indeed, come to an agreement to support the wonder language, Esperanto. Unfortunately the French used the veto to say that the French language should fill this role.

So can we, the International Eastleigh Esperanto Plan, with the support of 47.6 million people plus nine British County and Regional Councils, and seven Tourist Boards implore U.N.E.S.C.O. to at least accept our petition, and start talking about trying to find the solution to this age old problem.

For too long U.N.E.S.C.O. has begrudged the children of of our world the opportunity of being bilingual, and being able to communicate with the rest of the world.

With the coming of the millennium let's make a brave new start with the world at last using an international auxiliary language which would of course help world prosperity, friendship and peace.

Please find enclosed papers giving more information of our Eastleigh Plan and the support so far received.
