Ladies and Gentlemen.

I must say I am quite Pleased
of our City Council

They have shown how unity can work in different
political factions in City government.

By electing Walter Sullivan as the next
Mayor of our City they have chosen a man very much interested in
good honest City government and you also chosen wisely in the
selection of Vice Mayor Leonard Russell a duly qualified City administrator
and in James Sullivan Cambridge is indeed fortunate in having
a City manager of stature. He is well qualified for his
position.

So things are once again looking better for Cambridge and its
citizens. May God's blessings be with you the members of
the Cambridge City Council.

Very Truly Yours
Francis J. Ryan
