Gentlemen:

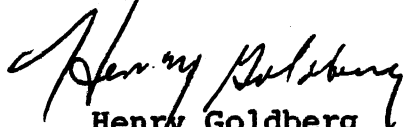

You are hereby offered a full opportunity to examine and inspect all of our tires and cones which were damaged by the flooding incident of August 2-3, 1972, which caused us vast damage and about which we notified you by our attorneys' letter dated August 30, 1972.

We cannot continue to keep these damaged tires and cones any longer and we have only retained them up to now so that you could examine them if you so desired. Before we dispose of these tires and cones, you are hereby offered this final opportunity to make a full examination and inspection of them. If you wish to avail yourself of this opportunity which we hereby offer you, then please immediately call our Mr. Charles Goldberg or our Mr. Joseph DeSalvo (telephone - 864-7575) and either one of them will give you immediate access to our premises so that you can accomplish your complete inspection and examination of these tires and cones.

If you do not avail yourself of this offer, we shall dispose of these damaged tires and cones immediately after Monday, January 15, 6:00 pm., 1973, and after that time you shall not be able to inspect them.

Very truly yours,

DELTA TIRE COMPANY, INC.
