Re: Proposed Development at 595 Mass. Avenue, at Essex Street (Central Square)

Gentlemen:

Please be advised that our association completely supports the idea of new construction on this site, especially since we understand that Schochet Associates has been working closely with the neighborhood. They have also worked closely with us, and we feel that the project is worthy of your support.

Our association is most interested in the furtherance of this development, since we believe it to be the key to the entire revitalization of the Square, and should be the start of many improvements that will benefit all of us.

Sincerely,

Carl F. Barron
