Dear Ms. Albano,

Enclosed are several more signatures for the petition regarding the walk light or other traffic control option heard at the City Council meeting September 9, 1996. I appreciate your offer to see to it that these are placed on file with the other signatures. As of the present date, we have signatures of 27 residents from the 29 households affected.

Thank you for all your help.

Sincerely,

Alice LoCicero

PETITION FOR A WALK LIGHT OR OTHER TRAFFIC CONTROL OPTION FOR GROVE AND BLANCHARD ROAD

We are residents of Grove St. and Blanchard Rd.. In order to reach the nearest bus stop (the 74 bus stop at the corner of Bright Rd. and Washington St. in Belmont), we must cross the intersection of Grove St. and Blanchard Rd. There are flashing lights at this intersection, but crossing is very difficult, with few cars giving the right of way to pedestrians, even those in the crosswalk across Blanchard Rd. In addition, pedestrians' visibility is limited.

The next nearest bus stops are on Concord Ave, about 1/3 mile walk, with a large part of the walk along Blanchard Rd. in an area with no sidewalks; Belmont St., a 7/10 mile walk, and Huron Ave., a 1/2 mile walk, much of which is along an area of Huron Ave. with no sidewalks.

Some of the children of our homes attend schools in Cambridge, including Cambridge Rindge and Latin School. The dangerous nature of the walk they must take to get to a bus stop is unacceptable.

We request a button-activated walk cycle or other suitable solution for making it safer to cross the intersection of Grove and Blanchard. We recognize that you may have to involve the town of Belmont and/or the state of Massachusetts in order to implement a suitable solution.

FROM: ^{DMD}
D. MARGARET DRURY
CITY CLERK

SUBJECT: SUNDRY REQUESTS FROM THE CITY COUNCIL AT THE
CITY COUNCIL MEETING OF SEPTEMBER 9, 1996

At the City Council meeting of September 9, 1996 the following requests were made:

Communication # 32

A petition from Alice LoCicero, et al requesting a walk light or other traffic control option for the intersection of Grove Street and Blanchard Road

Mayor Russell requested that the intersection of Huron Avenue and Grove Street be added to this petition.

Councillor Duehay requested a report from the City Manager on this matter.

Councillor Galluccio requested the installation of a manual light at the locations.

Calendar # 4

Response to Awaiting Report Item regarding an update on repairs to the Walden Square/Pemberton Street underpass.

Councillor Galluccio requested an update from the City Manager on the opening of the underpass.

Calendar # 32

Response to Awaiting Report Item regarding a report on small business tax exemptions.

Vice Mayor Born requested the City Manager and Mr. Maloney to work with the Taxation Commission to review the state law with a view towards improving the short comings of the law.

Calendar # 39

Response to Awaiting Report Item regarding the status of plans and negotiations of units planned for the Portland Stoneware site.

Councillor Galluccio tabled this item with the request that the City Manager provide the City Council with an update.

Your kind attention in these matters will be greatly appreciated by the City Council.

Dear Ms. Drury,

Enclosed is a petition by residents of Grove St. and Blanchard Rd. for a walk light or other traffic control option for the intersection of Grove St. and Blanchard Rd.

We respectfully submit this petition with a request to have the subject raised for consideration by the Council at its next meeting, on Monday, September 9, 1996.

Please confirm that the subject will be on the Council agenda.

Thank you.

Sincerely,

Alice LoCicero

Dear Mayor Russell and Council Members,

Thank you for giving the attached petition your serious consideration. For your convenience, I have attached a map of the neighborhood, with the following bus stops marked:

- the 74/75 bus stop, at the corner of Washington St. and Brighton St. in Belmont
- the 75 bus stop at Huron Towers
- the 72 bus stop at Huron and Aberdeen
- the nearest high school bus stop (HS), at Huron and Aberdeen
- the 74/78 bus stop on Concord Avenue
- the 73 bus stop on Belmont Street

Thank you.

Sincerely,

Alice LoCicero

In order to reach the nearest bus stop (the 74 bus stop at the corner of Bright Rd. and Washington St. in Belmont), we must cross the intersection of Grove St. and Blanchard Rd. There are flashing lights at this intersection, but crossing is very difficult, with few cars giving the right of way to pedestrians, even those in the crosswalk across Blanchard Rd. In addition, pedestrians' visibility is limited.

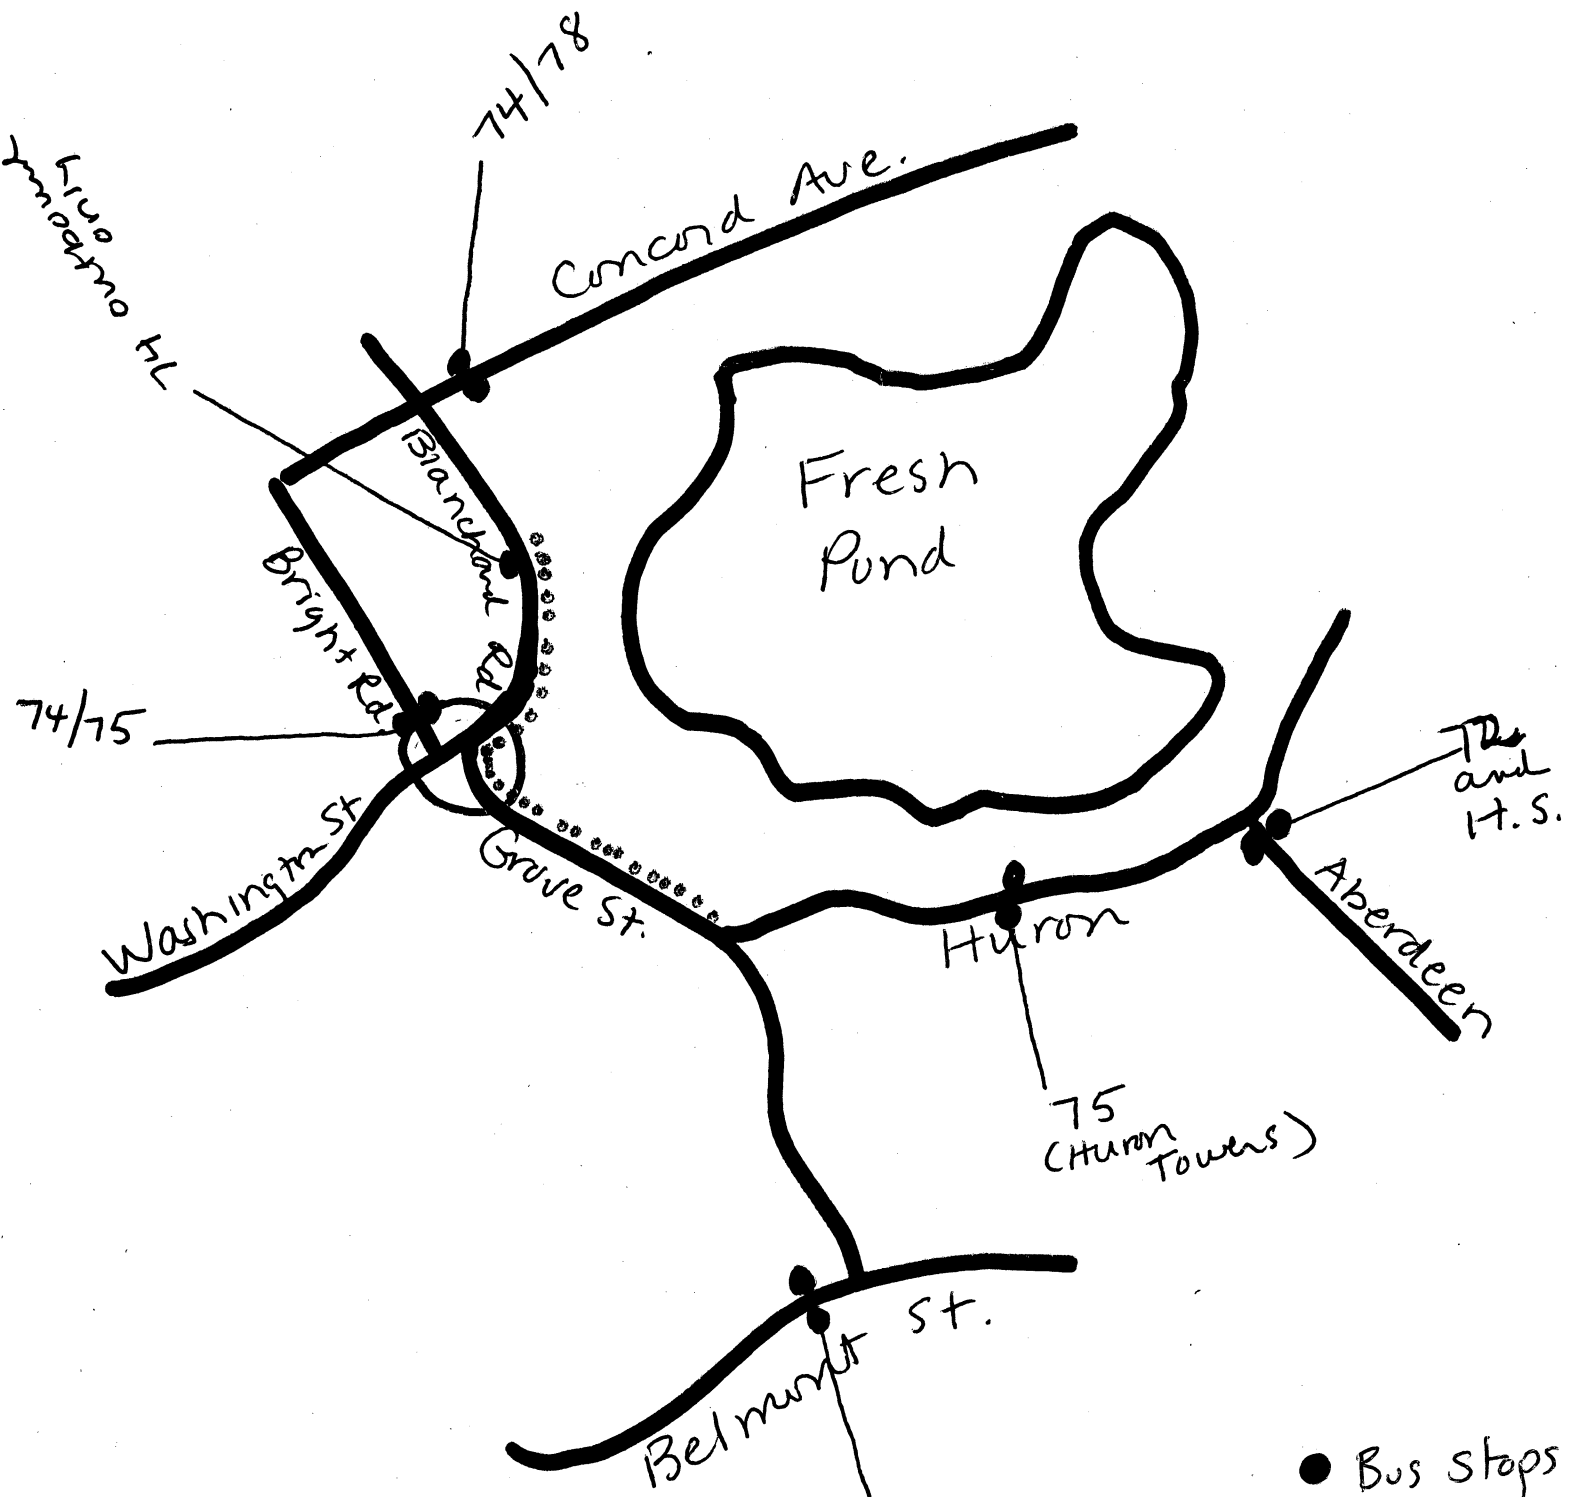

The next nearest bus stops are on Concord Ave, about 1/3 mile walk, with a large part of the walk along Blanchard Rd. in an area with no sidewalks; Belmont St., a 7/10 mile walk, and Huron Ave., a 1/2 mile walk, much of which is along an area of Huron Ave. with no sidewalks.

Some of the children of our homes attend schools in Cambridge, including Cambridge Rindge and Latin School. The dangerous nature of the walk they must take to get to a bus stop is unacceptable.

We request a button-activated walk cycle or other suitable solution for making it safer to cross the intersection of Grove and Blanchard. We recognize that you may have to involve the town of Belmont and/or the state of Massachusetts in order to implement a suitable solution.

Residents of Blanchard Rd. and Grove St.
Cambridge, MA. .

*Glad & Ann Siani
169 Grove St.*

Petition was received from Alice LoCicero et al., 245 Grove Street, requesting a walk light or other traffic control options for the intersection of Grove Street and Blanchard Road.

In City Council September 9, 1996.

Referred to City Manager
for a report on the motion
of Councillor Dubeau.
Mayor Russell added the
intersection of Huron Avenue and
Grove Street.
Councillor Galluccio requested
a manual light to be
