In Board of Aldermen April 14 1888

The Committee on Roads and Bridges who were
Ordered to establish the grade of the sidewalks
of that part of Bow Street between Halyoke and Linden
Street have attended to that duty and ask leave
to report. The Committee find the grade of
Bow Street to be very uneven. The Committee do not
think it advisable to cause a survey of so small
a part of said street. They therefore report back
the order directing the survey to be made and
recommend a survey of Bow Street establishing the
grades and cause a plan of the same to be made
the adoption of the accompanying Order.

J B Stowell
