Dear Mr. Chairman:

Being unable to attend in person the scheduled meeting of the Board of Zoning Appeal on July 11, 1985, to consider the application for a Special Permit and Variance on the part of Shelter, Inc., of Cambridge, Massachusetts, I am writing to express my support of the plan of this organization to convert the Prospect Street Congregational Church into a twenty-room temporary residence for displaced adults.

I have supported Shelter, Inc., for years with money donations and am convinced that this group's dedication to its work is of a high order of responsibility, and that under its management the prospective facility will be run so as not to present a hardship to residents now inhabiting the area.

Sincerely

T. Lux Feininger
