

Cambridge, Massachusetts,
Office of the City Engineer.
City Hall.

May 9, 1932.

Hon. Richard M. Russell,
Mayor, Cambridge, Mass.

Dear Sir;-

The work of constructing the new storm sewer from Alewife Brook to Sherman Street is nearing completion.

It is desirous that this sewer be extended from Sherman Street easterly to Creighton Street, through Pemberton Road and other streets, and an order from the City Council, authorizing the same is necessary in order that this may be accomplished.

The purpose of this sewer is to relieve the storm water condition in this part of North Cambridge and is part of the general plan for the separate system.

Very truly,

G. Frank Hooker

Temporary City Engineer.

GH:H

*From Sherman Street easterly
about 1650 feet.*

OFFICE OF THE MAYOR
CAMBRIDGE, MASSACHUSETTS

May 10, 1932

To the Honorable, the City Council

I transmit herewith communication from Temporary City Engineer (G. Frank Hooker) requesting authority for the extension of sewer from Sherman Street easterly to Creighton Street thru Pemberton Road and other streets.

Yours respectfully,

Mayor

LMK

COMMUNICATION

from the Mayor, transmitting

one from G. Frank Hooper

Temporary City Engineer requesting
authority for the extension of sewer
from Sherman St. easterly to
Aughton St, through Pemberton
Road and other streets

In City Council

MAY 10 1932

Referred to the Committee on
