City Manager
City Hall
Cambridge, Massachusetts

Dear Mr. Sullivan,

As requested by the City Council on October 21, 1974, I have made a study of the intersection of Massachusetts Avenue and Churchill Avenue with special concern on the operation of the Traffic Control Signals and we have found no problems with the operation.

I will, however, keep checking this intersection as there are times that this electronic equipment does have intermittent problems that we are not aware of unless they are actually seen by someone.

Very truly yours,

George Teso
Traffic Director
