RE: Case No. 7048, April 20, 1995

Dear Members of the Zoning Board:

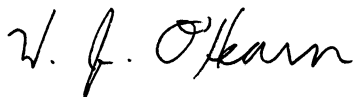

The North Cambridge Stabilization Committee opposes the variance and special permit sought by the Cambridge School Department in the above referenced case.

Despite our Committee's requests and obvious abutter concern, the School Department has not informed Committee about their planned renovations at the M.E. Fitzgerald School. The fact that the proposed renovation requires Zoning Board approval underscores the potential impact of this construction on the neighborhood. In the very least the North Cambridge community should be informed about the School Department's plans before variances and special permits are requested.

This letter of opposition was approved unanimously (with one member voting present) at the Committee's April 12, 1995 meeting.

Thank you for your consideration.

Sincerely,

William J. O'Hearn
Co-Chair
North Cambridge Stabilization Committee
