EXECUTIVE DEPARTMENT

ROBERT W. HEALY

City Manager

RICHARD C. ROSSI

Deputy City Manager

December 18, 1995

To The Honorable, The City Council:

In June of 1995, there was a public hearing with the Environmental City Council Sub-Committee that served as the first step in the process of notifying the City Council and the citizens of Cambridge of our work to date, the proposed approach to building a new water treatment plant and to making other improvements to related water supply facilities. We are now prepared to commence with the public participation process to educate and receive comments from the public. An informational meeting has been scheduled with the Conservation Commission on Wednesday, December 20, 1995 to discuss the project, to identify important issues and to gain the Commission's support. Public informational meetings will be scheduled beginning in January, 1996. The City Council will be informed of dates, times and locations of the public informational meetings to be held starting this January.

Very truly yours,

Robert W. Healy
City Manager
