March 31, 2003

To The Honorable, The City Council:

In response to Awaiting Report Item No. 03-25, regarding a report on the plan for redesigning the City's water bill with a view toward consumer information as it pertains to water conservation, please be advised of the following:

The City is developing a new receivables system for real estate taxes; personal property taxes; motor vehicle excise taxes; and water and sewer revenues.

As part of the updated software being developed for receivables the City will update the water/sewer bills to allow for consumer information to be printed on them. The plan is to have this option available during the Fall of 2003.

Very truly yours,

Robert W. Healy
City Manager
