Dear City Clerk:

My family is very proud to have lived and worked in this city for over 40 years. We live in East Cambridge and have supported many candidates for city council, the most recent of which is City Councillor Katherine Triantafillou. We are neither "radical" nor "extreme", but hard working people who appreciate the dedication and hard work of Councillor Triantafillou. We are appalled at the manner in which she was treated at last week's city council election for Mayor. Please register our support for reconsideration of that vote.

Sincerely,
