To the Honorable, the City Council:

In response to Council Order No. 1 of September 13th, please be advised that the Public Works Department has cleaned all of the catch basins and sewers in the School and Pine Streets area, and, as in the past, will continue to clean and maintain these sewers as needed.

The long-range plans for sewer construction proposed some improvements in that area and, hopefully, these improvements will be made in the next few years if funds are available.

Very truly yours,

James L. Sullivan
City Manager
