

Boston. December 11. 1886.

John McDuff Esq.

Clerk of Committee. City Hall.
Cambridge.

Dear Sir

I rec^d. last Evening your favor of the 8th inst. informing me that it will be necessary to file a plan of Bates Street with a release of same to the City if I wish its acceptance to be acted upon by the present City Council.

I should be pleased to comply with the suggestion thus made to me, but owing to the recent snowfall work was suspended when only about 25 feet of the roadway had been graded, and with the present uncertain outlook, the matter will seemingly of necessity, go over to the next City Council -

I am anxious to see the grading completed and from present indications work can soon be resumed.

Thanking you for your kind suggestion -

I am Dear Sir

Respectfully Yours
O. W. Wells. Cook.

Chas. Wells Cook
