To: Mayor Reeves
City Council

c/o Margaret Dwyer - city clerk

From: JACQUELINE CLARKE

97 Columbia St. - 491-0859

In front of my house is an old brick sidewalk in Area IV. Through constant use of this sidewalk for a parking space for large trucks and cars, the sidewalk has deteriorated. I would like the City of Cambridge to accept my donation of three wire mesh barrels to be used for planters and placed on the sidewalk to beautify and preserve one of the few brick sidewalks in the neighborhood. If an evergreen is placed in each of the barrels it will deter passers by from using them as trash receptacles year round. I will also donate flowering plants for the summer months. In the past I approached the city with my concerns and asked that a tree be placed in front of my house. The city complied with my request - but cars knocked down the

young, growing tree. I'm sure that
this is a productive solution to the
problem.

Sincerely,

Jacqueline Clarke
