Nov 20 1888

In Board of Aldermen,

Standing
The Committee on Roads and Bridges.

to which was referred the petition of George W. Dunton and Joseph D. Estabrook, severally praying that the assessments upon their respective estates in account of the extension of Washington Avenue, may be abated.

Reports,

~~Recommending~~ That

Your committee has given a hearing to the petitioners, and certain facts were presented by them, that might have had much weight in making up the estimate of the betterments on Washington Avenue, had they been known at the time, and it would then have been proper to consider their value. The time is now past, for making any revision of the estimate of betterments, and your committee must of necessity, recommend that the petitioners have leave to withdraw.

For the Committee,

Henry A. Doherty
