CITY OF CAMBRIDGE  
INTEROFFICE CORRESPONDENCE

To Mr. Robert W. Healy  
City Manager

Date February 13, 1984

From Chief Thomas V. Scott  
Fire Department

Reference

Subject Transfer of funds

Sir:

Recently the Fire Department received checks to the sum of \$639.00 for the sale of an old pumper unit and 3 old hose wagons. The vehicles were in poor condition and of no further value to our department and were placed out on bid as we are in need of the space they were occupying.

At this time, I am requesting that the money received from the sale of the above equipment be placed into our 590 account so as we could purchase a much needed "Task Force Tip Nozzle" for one of our Engine Companies.

Thomas V. Scott, Chief  
Fire Department

- Nozzle :- used with larger diameter hose (1 3/4)
- Regulates water pressure from 50 to 350 gallons a minute.
  - Provides for a constant flow of water by pressure after set by operator.
  - advanced nozzle
  - goal is for 2 nozzles per engine company.
