Gentlemen:

Re the petition of John Lingos for sewerage facilities on Alewife Brook Parkway, there being no sewer available in front of the property, this department has designed and made a plan for such sewer.

The plan was presented to the Parks Division of the M. D. C. asking their permission to construct these sewers on land controlled by the M. D. C.

This morning a permit has arrived in this office granting permission to construct the sewers to provide facilities for John Lingos.

The permit is dated March 8, 1950 for a period of six months and is signed by Benjamin W. Fink, Director of Park Engineering, M. D. C.
