EXECUTIVE DEPARTMENT

ROBERT W. HEALY

City Manager

RICHARD C. ROSSI

Deputy City Manager

February 13, 1995

To The Honorable, The City Council:

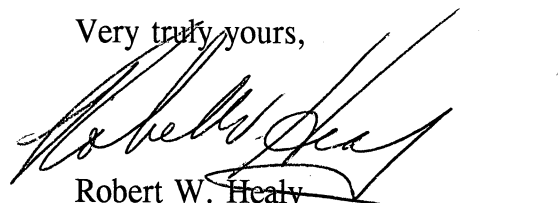

In response to Awaiting Report Item No. 21, regarding planting additional trees on Pearl and River Streets, particularly where these Streets intersect Central Square, Public Works Commissioner Ralph E. Dunphy reports the following:

City Arborist Jack Kelly has investigated the feasibility of planting additional trees in the vicinity of Pearl Street and along River Street. This area is currently under consideration as part of the Central Square Re-design Project. The City has retained the services of the architectural firm of Carr, Lynch, Hack and Sandell.

The Community Development Department is coordinating the contract for the architect, and has contacted the firm concerning future plantings on Pearl and River Streets. They have informed us that this particular area has been incorporated into the overall re-design of Central Square, and will include trees.

The Public Works Department will continue future tree plantings on Pearl, Magazine and River Streets once the new design is accepted and implemented.

Very truly yours,

Robert W. Healy
City Manager

RWH/mev

Response to Awaiting Report Item Number
Twenty-One regarding planting additional
trees on Pearl and River Streets,
particularly where these streets intersect
Central Square.
