To the Honorable, the City Council:

With reference to Awaiting Report Item No. 5, relative to Public Notice 01-02-84 from the U.S. Department of Transportation, pertaining to the proposed closure of highway bridge over Broad Canal, Cambridge, please be advised that I am in favor of the proposed closing.

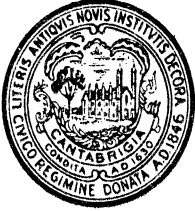

As you are aware, barge deliveries of oil to the Cambridge Electric Company dock have been halted and it is expected they will not be resumed. No other commercial or recreational activities take place along the waterway and the vertical and horizontal clearances, normal to the canal, will not be affected by the closure. Closing of this bridge will also result in a savings to the City because the City will no longer be responsible for the salary of the drawbridge attendant.

Very truly yours,

Robert W. Healy
City Manager
