CAMBRIDGE MA.

December 12, 1996

To whom it may concern:

I am writing to support the Cambridge City Council's approval for necessary curb cuts in order to allow the Forest City construction project to proceed, and for our community to finally have a good quality, full-service supermarket.

I have worked at MIT and lived in Cambridgeport for over 20 years. I walk past Central Square and the University Park site everyday. I am confident that the proposed construction, including the long-awaited and much needed supermarket, will help to bring economic recovery to this area. We need the new jobs and tax revenue promised by the project.

Please do not hesitate to approve the request for curb cuts. This neighborhood looks forward to this project beginning without delay.

Sincerely,

P. Haridas
