

To the Honorable Mayor and Board
of Aldermen of the City of Cambridge

The undersigned owners of
unimproved Land on Maple Avenue -
desire most respectfully to enter their protest
against the proposed action of the City
Government, in compelling them to go to
the unnecessary expence of furnishing the
Edge Stone for the aforesaid lot.

Your petitioners believing the action of
the City Government premature in this
particular instance, by reason of their
possibly having to alter it in a short
time for Driveways &c - They therefore
ask leave that further action on this
matter be deferred for Six or Eight months

Most Respectfully Submitted
