From: Alfred E. Vellucci, Mayor 

Re: Wellington-Harrington Citizens Committee

Please be advised that I am planning and preparing a reception in honor of all Wellington-Harrington Citizens Committee members "past and present" for the very near future. Please note that I introduced a resolution in 1964 that created the Wellington-Harrington Citizens Committee. For that I am a proud City official.

It is my intention to present each member with an appreciation certificate in full council, as part of the ceremony.

With Good Wishes and good Health
