Whereas, the city of Cambridge has had a community of the descendants of British Puritans since December the twenty eighth 1630

Whereas, it is the right of all people to be proud of their ethnic and historical heritage and to maintain their traditions and a sense of a continued ethnic existence

Whereas the majority of Cambridge's descendants of British Puritan heritage have learned to live in harmony with their neighbors and have shown themselves to be as much an asset to Cambridge as the members of any other ethnic or ethno-religious community

Whereas, that ethnic cultural institutions and social organizations which parallel those of other communities have come under attack in such a way as to make members of the British Puritan also known as Yankee community feel uniquely unwelcome.
