Dear Sir:

I urge the City Council to adopt a strong Ordinance for the Care and Use of Laboratory Animals to the City of Cambridge. I support the Ordinance because it provides for public review of experiments by a citizen board, inspection of facilities by responsible representatives, and requires at least one animal welfare advocate or Animal Care Committees within institutions. I believe that the City must ensure that animals are not mistreated behind closed doors. The citizens of Cambridge have a right to know what is going on in laboratories in their neighborhoods.

Yours truly,
Mary Palazzi
