RE: The denuding and obstruction of Pemberton Street

Councillors:

At your last meeting, the City Manager presented a brief report that in my view mischaracterized the wholesale deforestation of Pemberton Street and distorted the roles played by the city administration and a private developer.

Discussions with other city officials suggest that the city and the developer jointly destroyed the mature street trees and converted the public way into a private construction site without following proper procedures.

I would be grateful for an opportunity to speak about this at your March 30 meeting.

Yours truly,

  
Michael Brandon
