June 3, 1996

To The Honorable, The City Council:

I am hereby requesting the appropriation of \$68,000 in the General Fund of the Department of Public Works Extraordinary Expenditures Account from sewer revenue. These funds will be used to help cover the purchase of a sewer jet/vac vehicle.

The sewer jet/vac vehicle is used in the day to day operation of cleaning catch basins, manholes and collection lines. Service requests for plugged sewer mains, catch basins and bad odors will have an immediate response of DPW crews with the correct equipment to solve the problem. This equipment is a self contained truck mounted unit, including a jet pump to create the vacuum and carry the debris, a tank for containing the flushed out material, hoses, and a water tank.

Obtaining this equipment and its ultimate use is consistent with the overall plan for the operations and maintenance of the sewer and storm water collection systems to remove water pollution and enhance our living environment.

Very truly yours,

A handwritten signature in black ink, appearing to read "Robert W. Healy", is written over a horizontal line.

Robert W. Healy
