Petition of

for the widening of
N. Bridge St
Jan 29 1889

CITY OF CAMBRIDGE.

In Board of Aldermen, *Apr 20* 1889.

The Committee on *Roads and Bridges,*

to which *has* referred the petition of Charles W. Munroe
and others praying that Bridge Street may be widened
and straightened,

Reports,

Recommending

That the improvement asked
for by the petitioners, while very desirable, would require
a large outlay of money for which the city is at
present entirely unprepared, the probable expense of
the proposed enterprise including not only the cost of
the work and materials, but also of damages to land
and buildings, all of which would be very heavy.

Yours

Committee therefore recommends that the petitioners
have leave to withdraw.

For the Committee.
