RE: 12 Mt. Auburn Street, Cambridge, MA
OUR FILE NO: 88-96

Dear Mr. Connarton:

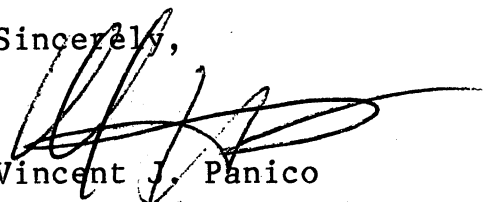

I am writing to obtain City Council's approval for two intrusions onto city property arising out of the renovation on the building at 12 Mt. Auburn Street, Cambridge, MA.

The first intrusion involves a bay on the second, third and fourth floor of the four-story wooden building. The bay extends 1.3' into the space above the sidewalk on Banks Street. There is no bay on the first floor. The bay begins on the second floor and runs to the fourth floor.

The second intrusion involves a door that will be constructed flush with the sidewalk on Mt. Auburn Street. The door will normally open inward. If there is an emergency, a bar located on the inside of the door may be pushed and the door can be opened outward onto the sidewalk. At all other times, the door will open inward. The door will open onto the sidewalk only under emergency conditions.

Would you please place this on the Council's Agenda at your earliest opportunity.

Sincerely,

Vincent J. Panico
