To the Honorable, the City Council:

George Teso, Traffic Director, has informed us that the State Department of Public Works has closed the Prospect Street Bridge in Somerville, effective November 16, 1976, for approximately one and one-half years. However, the State is trying to determine if it would be possible to shore up one side of the bridge and thus allow northbound traffic at least. We expect to have an answer on this some time next week.

Very truly yours,

James L. Sullivan
City Manager
