To Whom it May Concern:

Vote Magazine: Empowering people to affect change

Vote Magazine is requesting your permission to set up a 24" by 38" table in front of 84 Mass Ave., Cambridge, and 579 Mass Ave., Cambridge on a weekly basis. We would like to be there between the hours of 10:30-4:00pm for Tuesday's and Thursday's. We hope to get enough people involved to purchase a subscription, but this is mainly a form of advertising. The following is brief outline of what Vote Magazine is all about.

become Part of The Solution:

Current social and economic issues are of increasing concern to most Americans (declining economy, rising taxes, deteriorating environment, increased crime, a deficient education system, etc.). Many people feel powerless to affect change by themselves, and search for new ways to help the government become more efficient in correcting these problems. We feel that if the current problems in the United States are to be solved correctly, it will require the full attention and involvement of all Americans.

Vote Magazine explains today's problems in a non-partisan fashion allowing you the reader to make up your own mind. Then we offer solutions from the Liberal, Conservative, and Alternative points of view. After reading an article you can make up your own mind on how you think a problem should be solved. Next, we do something no other publication does. We supply pre-written letters that support the different solutions offered. All you have to do is choose one of the letters and mail it to your elected officials in Washington. With enough people getting involved we can start solving the problems plaguing this country.

Sincerely,

Candace Shearer
