Re: Cambridge Sewerage and Drainage Program

Dear Mr. Corcoran:

In response to your letter of December 27, 1973, the following sewer construction is proposed or under way:

Phase I - Contract No. 1 - under construction
Phase I - Contract No. 2 - under construction
Phase I - Contract No. 3 - to be Bid in January, 1974.

The following is a proposed schedule of bid dates for construction contracts for the other four (4) phases of Cambridge Sewerage and Drainage Facilities Program:

Phase II - Contract No. 4 - May, 1974
Phase II - Contract No. 5 - September, 1974

Phase III - Contract No. 6 - December, 1974
Phase III - Contract No. 7 - February, 1975
Phase III - Contract No. 8 - May, 1975

Phase IV - Contract No. 9 - September, 1975
Phase IV - Contract No. 10 - December, 1975

Phase V - Contract No. 11 - February, 1976
Phase V - Contract No. 12 - May, 1976

Sewer Construction in East Cambridge is scheduled under Phase III of the Sewerage and Drainage Facilities Program. It is expected that the first construction contract to be bid in the East Cambridge area would be in December, 1974.

At the present time, the extension of the MDC relief sewer from Plymton Street to Lowell Street is under study. At this time, there is no known construction schedule.

EXECUTIVE DEPARTMENT
JOHN H. CORCORAN
City Manager

February 11, 1974

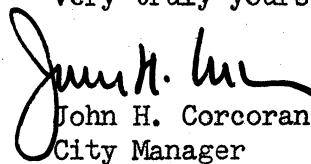

To the Honorable, the City Council:

Previously your Honorable Body made inquiry as it relates to sewer construction program which was previously authorized by the Cambridge City Council in 1972. The communication from C. E. Maguire Inc., our Engineers on this work, is self-explanatory and indicates the phasing of the work which is currently under way and that which is to come.

I also call your attention to the last paragraph on the first page of this communication which advises me that the extension of the MDC relief sewer from Plympton Street to Lowell Street is presently under study. At this particular time there is no established construction schedule for this phase of the work.

I am pleased to make this information concerning our sewer and drainage improvement work available to your Honorable Body.

Very truly yours,

John H. Corcoran
City Manager

JHC/b

Relative to sewer construction program in
Cambridge.

Information on the sewer construction program in Cambridge is being provided to the City Council for their information. The program is being implemented in a phased manner, with the first phase completed by the end of 1974. The second phase is currently underway, and the third phase is planned for 1975. The program is being funded by a combination of city funds and state grants. The City Council is requested to approve the program and to authorize the City Manager to execute the program on behalf of the City.

In City Council,
February 11, 1974
