Vallucci

~~Council order to save the city 10's of thousands of dollars~~

Whereas - From information I have received based upon an energy savings audit of a city owned building, there is an indication that large amounts of city money is being wasted on inefficient electrical usage.

Whereas - The loss could be in the hundreds of thousands of dollars

Whereas - These financial resources could be used to provide needed services should the Federal Gov't cut off severely needed financial support.

Be it ordered

That the city manager activate an immediate search for an efficient energy management system for all city owned properties.
