

CITY OF CAMBRIDGE
INTEROFFICE CORRESPONDENCE

To James L. Sullivan, City Manager

Date Oct. 23, 1978

From *George Teso*
George Teso, Traffic Director

Reference

Subject City Council Order #21 of October 16, 1978
Traffic Control Signals at Raymond St. and Upland Rd.

This intersection has been under study for sometime with a view towards the installation of traffic control signals and plans have been designed and submitted to the State for approval and installation under the Urban Systems Program.

I have received approval of my request and as required by the State and Federal Governments, I am doing an Environmental Impact Statement and should be completed by December, at which time it will be submitted for final approval and financing for construction.

As soon as I have an estimated construction date, I will notify you.
