

CITY OF CAMBRIDGE
DEPARTMENT OF PUBLIC WORKS
COUNCIL ORDER CORRESPONDENCE

TO: ROBERT HEALY, CITY MANAGER

FROM: WILLIAM SOMMERS, COMMISSIONER, DPW

DATE: 10/5/89

SUBJECT: COUNCIL ORDER #(S): 7

DATE: 9/27/89

COUNCILLOR: Walsh

DESCRIPTION OF PROBLEM: Repair to road surface on Rice Street.

DEPARTMENT ANSWER: Rice Street is slated to have a new water main to replace the old one under the current water main replacement contract administered by the Water Department. The contract calls for a full grind and overlay of the surface once the new water main is completed. This will give Rice Street a completely new surface. The work should begin later this construction season or in the spring. We will continue to patch and maintain until the new street surface comes to fruition.
