Reference

Subject City Council Order #25, 9/24/90 Re: Parked Vehicles @ Hilliard Street

The Traffic Department has completed a seven day parking study of the parking area at 17 Hilliard Street. The area was checked four times each day, twice in the morning and twice in the afternoon. A total of five different registrations were noted and of the five different plates observed four belonged to the owner of the property or his children.

A call to the owner of the property revealed that the other vehicle was a guest of the owner. I have also informed the owner that he cannot use this area as a general parking facility.
