To The Honorable, The City Council:

In response to Awaiting Report Item No. 17, regarding an update on plans for outdoor ice skating location for this Winter, Assistant City Manager for Human Services Jill Herold reports the following:

The Recreation Division of the Department of Human Services is working closely with the Department of Public Works to design and install outdoor skating rinks again this year at the Glacken Field Tennis Courts and to add the Riverside Press Basketball Courts as a site. The Riverside Press Park site was selected because of the appropriate design of the courts which enables the flooding to be contained. These sites will be covered with a seamed, heavy duty three-ply polyethylene liner which will improve the over-all ice surface and protect the courts from water damage. In addition, both sites will be buffered with bales of hay and will have posted safety rules and hours of operation. Staff from both Departments will be monitoring these sites in order to develop additional reports on utilization, maintenance requirements and recommendations for future implementation.

Very truly yours,

Robert W. Healy
City Manager
